

## WMPR August 31, 2004 Agenda

### Objectives:

Define the main themes and develop alternatives

### Specific tasks:

- Define, clarify the problems (do we understand what they are saying)
- Rank the "top" themes (most common or need focus even if not common)
- Identify "drivers" among the themes (what are one or two themes that if we address, other themes/problems will fall into place?)
- Develop some alternatives utilizing information for 2<sup>nd</sup> input sessions
- Evaluate these alternatives against our "criteria" and how they address the themes

### Agenda:

9:30	Opening- Clarify objectives for today Discuss Wauleco trip	
10-10:30 or 11:00	Small groups (2) Define/clarify the problems	Make sure we understand what the problem is- what they are saying; not whether or not we agree with the problem
10:30/11-11:30/noon	Develop a master problem list from small group lists, identify "drivers" and rank problems	Drivers are themes/problems which, if dealt with first, other problems will fall into place.
LUNCH		
1-1:30/2	Small group work: Develop at least 2 alternatives which address 1 or more "problems"	Alternatives can address work process/activities, structure, organization- open
Last hour	How do these alternatives relate to the criteria and problems; what don't they deal with (and should)	
Closing	Next steps	Discuss need to get external and internal feedback on this.
